CONFESSION OF GEORGE DENNY,

CONVICTED OF THE MURDER

OF ABRAHAM WAZNER.

I am about 18 years of age; I was

born in Puhau County, My mother

died when I was an infant, and I am

informed, insane. My father abandoned

his wife and children at short time before

my birth, and I was left unprotected.

When I arrived at the age of eight

years, he returned and took with him

my sister and myself to the State of Michigan,

where we remained about one year,

during which time he was convicted and

sentenced to prison for two years, for

robbing a store. He made his escape by

digging under the walls, and returned to

his home in a few days.

When a few days after he was taken and

imprisoned. My sister, about fourteen

years of age, and myself, about eight years of

age, were left alone. My mother, after

many hardships returned to my grand

father, and I was left to my own

resources. My mother, after many

years, returned to my grand

leading to Mr. Wazner's. I went to his

door, and made a noise, took hold of the

string and raised the latch. Mr. Wazner

asked who was there? I answered a

friend. He inquired what a friend I was

that night I answered to stay all

night.

I walked away from the door and laid

my gun under a peach tree about two rods

distant. I stood there about five minutes

with my gun cocked and pointed towards

the door, intending to shoot him if he

opened it. He did not make his appearance

and I retired to his barn and slept

there till sunrise the next morning, when

I went into the house and continued

fring my gun at intervals in the neighbor-

hood of his house all the day on Tuesday.

Once I shot at Mr. Wazner's family.

At one time, I took a curious notion,

thinking to go in the house, but on re-

lection, the thought occurred to me, that

they might return and find me there.

As soon as it was dark I went to

my gun, and I took it to the door. I

did not go very far, but I did not go

around the corner of the house, but I

was in again immediately.

I then went in front of the house, took

my gun and hid it behind the door.

NEW ROUTE TO OREGON.

As some thousands of persons leave

this portion of the United States, annually

for Oregon and California, and as a mat-

ter of who importance to ascertain

whether there is any route preferable to

the long, tedious, dreary and unpleasant

passage of four or five months across the

Rocky Mountains and down the Colum-

bia, it is true that the route to the west

most direct; and it is also the most di-

rect to China; but no one thinks of taking

it to the Celestial Empire.

A gentleman from Central America

has described to the Philadelphia Ledger

a new way to the Far West. This plan

is simply a passage across the Gulf of

Mexico, through the Caribbean sea, up

river St. Juan, (which discharges into the

Atlantic between the 11th and 12th de-

grees of west longitude,) to Lake Nigua-

ragua, in Guatemala; from the head of

which the distance is only 14 miles to the

Pacific Ocean. The whole route can be

made in a few days, and the only ex-

penditure is for provisions. The route is

very safe, and the only danger is from

the natives, who are very friendly to

the Americans. The route is very safe,

and the only danger is from the natives,

who are very friendly to the Americans.

The route is very safe, and the only

danger is from the natives, who are
